## Lehrgang Lebende Fremdsprache Englisch

### am 11. März 2016

After two and a half years of intensive studying, including a week's trip to a language school in Norwich, England, the course participants received their certificates from Frau Professorin Klaudia Lettmayr BEd MSc together with the vice principal, Frau Dr. Katharina Soukup-Altrichter and the head of the local education authority, Frau Gerlinde Pirc at the PH OOE on 11<sup>th</sup> March 2016.

It was a rewarding time we spent together – we worked hard and played hard! At the end of the course, during which English was spoken at all times, the participants felt that that had learned a lot and were now able to teach English with more confidence and many new didactical ideas.

We look forward to a reunion and a „Brush-up" course next year, in order to exchange ideas and practice at our own level again.
